

Dear Parents,

Thank you so much for bringing your child to Children's Church this week! It was so nice to meet your family and we appreciate the effort it took for you to make it to church. I'm sure there are plenty of demands on your time as a family, and we're glad you chose to invest in something that will make a real difference in your whole family's life.

This week, we learned about \_\_\_\_\_. Each week, we try to incorporate some fun, hands-on ways for kids to experience the lesson. This week was no different. Included on the schedule were \_\_\_\_\_. Be sure to ask your child what their favorite part was. You can also follow up at home by checking out the story found in \_\_\_\_\_ in the Bible.

We'd love to hear what you thought of East Lake Road Alliance Church. Please find enclosed a survey for our first time guests. If you could fill it out with your child and return it to the church, we'd really appreciate it. We're constantly making revisions to the program in order to serve the needs of our church members better.

Speaking of revisions, we've got some exciting things coming in the near future including a parenting class on Wednesdays. We've also got great Sunday School classes for all ages. If you'd like to be a part of these, just let myself or Anne know (her number is).

Also, be sure to check out our website ([www.ELRAC.org](http://www.ELRAC.org)) for upcoming seasonal events, regular programs, and ways you can get involved. I've enclosed a Children's Ministry brochure so you can see what our program and mission is all about.

Thanks again for joining us and we hope to see you again soon!
